COMES NOW the above named Claimant and states as follows:

1. Attached are true and correct copies of a series of three (3) Notices served upon the above named Respondents. Unless otherwise specified, all facts stated herein were set out in said three (3) Notices, which were all served on Respondents through their agents in Montevideo and in Atlantida. Respondents have refused to date to specifically or by affidavit refute any of the facts set forth in any of said Notices.
2. The aforementioned three (3) Notices, dated February 17, 2023, March 16, 2023, and April 18, 2023, with affidavits showing service and non- response, have together been marked as Claimant's Exhibit C and are attached hereto.
3. The facts set out in Claimant's verified Notices demonstrate that Respondents and their agents, including Supplemental Respondents, have been acting on behalf of at least one legal fiction corporation bearing various Dun & Bradstreet identifying numbers as indicated in the first page of the February 17, 2023 Notice, a copy of which is the first item of attached Exhibit C.
4. Supplemental Respondents Dia and Aerola may also be agents of a legal fiction corporate entity other than UTE but on March 5, 2024 acted as agents for the UTE Respondents, including Supplemental Respondent Fernandez.

5. The Affidavits of Non-Response contained in Claimant's attached Exhibit C confirm that Respondents have refused and failed to deny any of the verified facts stated in any of Claimant's Notices as instructed therein. Respondents have failed to provide a sufficient response to any Notice, or any response at all, despite having been explicitly informed in each Notice that failure to respond as specified, with verified facts, would result in judgment against them and their agents and principals, and despite a contract-based fiduciary duty to Claimant to respond.

6. The verified Notice dated February 17, 2023, with its exhibits, constitutes the first item contained in Exhibit C, and is incorporated herein fully by reference. Said Notice also expressly constituted an offer to contract that has been accepted by Respondents' silence, on three different occasions, as well as by Respondents' engaging in several of the types of conduct specified on pages 1-2 of said February 17, 2023 Notice. Respondents have been made aware that engaging in such conduct would constitute their acceptance of Claimant's offer of the Contract set out in the February 17, 2023 Notice, designed to resolve all matters in controversy.

7. Over the course of nearly a year since being served with the third Notice, Respondents have remained silent and have engaged in various new instances of the specified conduct that would constitute their acceptance of Claimant's offer of a new contract resolving all matters in controversy.

8. Respondents have accepted the terms of Claimant's offer by collecting her payments for nearly a year and by accepting Claimant's monthly readings of the original mechanical meter, all as described in the contract established by Respondents' silence on three (3) different occasions and by their conduct. On March 1, 2024 and again on March 4, 2024, and March 5, 2024 Respondents engaged in new conduct consisting of acts of retaliation against Claimant. Said new conduct was also of the type that Respondents had previously agreed would confirm Respondents' acceptance of Claimant's February 17, 2023 contract Offer. Such new conduct also constituted a breach of Respondents' pre-existing contract with Claimant, as well as a breach of the new contract set forth in the February 17, 2023 Notice.

9. On March 1, 2024, Respondents sent in a gang of four (4) of its agents to trespass onto Claimant's land and attempted to use force to effect the installation of a "smart meter" there despite Claimant's objections and in breach of the parties' original service contract and also in breach of the contract established by Respondents' silence and conduct in response to the aforementioned three (3) notices. Initially Respondents' gang members refused to leave and they refused to identify themselves when Claimant required them to do so. Finally, Respondents' agents replaced the cover on the original mechanical meter box and prepared to leave, but then threatened to bring in armed people at some future date to help them retaliate further against Claimant.

10. On March 4, 2024, Respondents again sent agents or contractors, including one Hernando Fernandez, and another agent of Respondents to again trespass onto Claimant's land and to begin tampering with the perfectly functioning analog meter. Claimant again required them to leave and they did so.

11. On March 5, 2024, Respondents brought in two additional armed, costumed people, one Mauricio Dia and one Jesse Aerola who committed acts of assault and battery on Claimant while Supplemental Respondents Fernandez and another unidentified UTE Respondent forcibly and over Claimant's repeated verbal protests removed the safe, accurate mechanical meter for which Claimant had originally contracted. None of the Respondents, their agents, or contractors, had any authority, including no easement, allowing them to enter onto the curtilage of Claimant's land against her will without her consent or to tamper with the safe, perfectly functioning equipment that Respondents have repeatedly agreed was promised to her as part of the original contract between the original Respondents and Claimant.

12. All six of Respondents' agents who assaulted Claimant with the threat and use of force on March 5, 2024, admitted that they had read the contract offer contained on Claimant's sign posted next to the existing mechanical meter, informing them that a first attempt to install a smart meter would result in a fee of FIFTY

THOUSAND UNITED STATES DOLLARS (\$50,000.00) and that a second (or subsequent) attempt to install a smart meter would result in a fee of FIVE HUNDRED THOUSAND UNITED STATES DOLLARS (\$500,000.00). Respondents are well aware and have agreed that UNITED STATES DOLLARS have been defined by the UNITED STATES Coinage Acts of 1792 and 1900 as being 24.8 grains of gold or 371.25 grains of silver Coinage. By tampering with the existing meter on three (3) occasions, Respondents' agents and Supplemental Respondents specifically accepted the offers set forth on Claimant's sign by their actions against Claimant from March 1, 2024 through March 5, 2024 and thereby EACH one has incurred additional liabilities to Claimant in the sum of ONE MILLION UNITED STATES DOLLARS (\$1,000,000.00) in either gold or silver, as the Court requires.

13. By their actions on March 1, 2024, on March 4, 2024, and again on March 5, 2024 Respondents and Supplemental Respondents have harmed Claimant further by establishing a pattern of harassment and a public and private nuisance. Such repeated acts of aggression, accompanied by Respondents' threats of violence, are destroying Claimant's peaceful use of her land and home and disrupting the quiet of the neighborhood that had been enjoyed by Claimant and her neighbors prior to Respondents' repeated acts of aggression, threats and recently enacted violence.

14. Following the March 5, 2024 forced installation against her will and in violation of contract, Claimant measured enormous increases in the levels of pulsed radiation to which she is now being subjected and is now beginning to experience headaches and a worsening of her tinnitus. Claimant reserves her right to additional compensation at such time as said symptoms worsen even more.

15. By their silence and their conduct, Respondents have already admitted on three (3) occasions that their "smart meters" are unfit to impose on the homes of living people because they:

- (a) purport to measure double or triple the amount of usage compared to the honest method of measuring electrical usage that had been provided by the mechanical meter;
- (b) are known to explode and constitute fire hazards;
- (c) are known to cause cancer, and other radiation associated illnesses, as well as environmental degradation;
- (d) are surveillance devices that violate the rights of the people to privacy in their own homes; and
- (e) are so unsafe that insurance companies will not underwrite the risks associated with them.

16. Respondents agree that no corporation can properly be considered a court and that there are no lawful courts in the territory known as Uruguay. Respondents have further agreed that Claimant is exclusively entitled to choose a proper non-corporate court that administers the common law of the people for the resolution of any remaining disputes between the parties. [February 17, 2023 Notice, paragraphs I(D) and (E)]. For this reason and because Claimant has remained at all times a domiciliary of the original Ohio republic, as is well known to Respondents, Claimant has selected the Ohio Circuit Court of Record as the proper forum in which to resolve all remaining differences, if any, between Claimant and Respondents, according to the terms set forth in the three (3) aforementioned Notices and as Respondents have previously agreed that she is entitled to do.

17. Attached Exhibit C establishes irrefutable proof that Respondents have all failed and refused to deny any of the facts stated therein under oath, that Respondents, their agents, principals and contractors are thereby in default as defined in the Notices, and that Claimant is entitled to Judgment by Default against each Respondent and each Supplemental Respondent personally and individually.

18. As set forth in greater detail at paragraph III of the February 17, 2023 Notice attached hereto, Respondents, their agents, and contractors, on January 28, 2023 by means of an unsigned note (Exhibit B) threatened to breach the service contract that Claimant has had continuously with them for longer than 14 years. There are no provisions in said service contract for Respondents to install a smart meter. As of March 5, 2024 Claimant had, always had, and has only ever contracted for, an analog, mechanical meter, as originally agreed. Exhibit B and Respondents' subsequent three (3) admissions against interest, confirm that Respondents and their agents lied to

Claimant in said unsigned January 28, 2023 note (Exhibit B) by telling her that they had been unable to read her meter.

19. Just prior to the installation of the smart meter against her will, Claimant informed Respondents Dia, Aerola, and Fernandez on March 5, 2024 that she would give up electrical service with Respondents in order to avoid the installation of the smart meter. Fernandez then informed her that no matter whether there was electrical usage or not, he would install the smart meter, i.e. that Respondents' intention was to force the smart meter upon Claimant regardless of whether there was any electrical usage to measure. This constitutes Respondents' admission that they are inflicting the smart meters for some purpose other than the stated purpose of measuring electrical usage.

20. During the March 5, 2024 attack upon her at the curtilage area of her home, Respondents Dia and Fernandez began to proclaim that they were attacking her and tampering with the UTE meter while standing on public land. No Respondent has ever produced any evidence that the cartilage area was public. Respondent Dia admitted and it is obvious that whether or not "public", no one is entitled to place an incendiary device in any location where its intended use will cause harm to the owner of the adjoining land without that owner's permission. Nonetheless Respondents Dia and Aerola began to put their hands on Claimant and to shove her off the cartilage as she moved to get a better look at what Respondent Fernandez was doing without her permission. When Claimant informed Respondents Dia and Aerola that even if the curtilage area were public land and not her private property, then she also was entitled to stand there, just as they all were, Dia and Aerola acknowledged the wrongfulness of their actions and removed their hands from Claimant's body, where they had placed them in order to shove Claimant off the so-called "public" land adjoining her home..

21. Respondents Dia and Aerola promote the public perception that they protect members of the public. In fact they do not do so and act instead as private security for the financial interests of agents of corporations that falsely hold themselves out as being part of the "government".

22. Claimant informed Respondents Dia, Aerola, and Fernandez on March 5, 2024 that the original Respondents had already admitted that they were in violation of that portion of the Uruguayan Constitution that allegedly protects the people in the sanctity of their homes. Respondents ignored this admission and continued to demonstrate that they likewise have no respect for the sanctity of the people's homes, the admissions of their corporate superiors, the Constitution of Uruguay, or the law of God.

23. Respondents' silence, conduct, and their March 1-March 5, 2024 attacks on Claimant reveal that they do not follow the earthly law of contracts nor do they follow God's law regarding honest means of measurement. Respondents' actions show that they serve the god Mammon.

24. Terms of the contract now existing between Claimant and each Respondent along with each of their agents, contractors, and principals, resolving all matters in controversy between them entitle Claimant to enforce same in the following particulars:

(a) injunctive relief;

(b) monetary judgment to compensate Claimant for Respondents' now ongoing acts of trespass, common law extortion, invasion of privacy, breaches of contracts, repeated and continuing assaults, the March 5, 2024 battery of Claimant at her home, and the maintenance of public and private nuisances, in the daily sum of ONE THOUSAND UNITED STATES DOLLARS (\$1000.00) from January 31, 2023 until the date of judgment, as set forth in Sec. IV (I) of the February 17, 2023 Notice; and

(c) further monetary judgment in the sum of ONE MILLION FIVE HUNDRED THOUSAND UNITED STATES DOLLARS (\$1,500,000.00) based on the three (3) new contracts established by Respondents' conduct on March 1, 2024, March 4, 2024, and March 5, 2024, said sum to increase in the amount of an additional FIVE HUNDRED THOUSAND UNITED STATES DOLLARS (500,000.00) for each new act of aggression by Respondents.

WHEREFORE, Claimant seeks judgment by default from this Court of Record and an earthly judgment that honors the people's common law and the Law of Almighty God.

RESPONDENTS WILL BE DEEMED TO CONSENT TO AND ACCEPT ALL TERMS OF THIS NOTICE AND OFFER TO CONTRACT BY (A) SILENCE; BY (B) CONTINUING TO PROPOSE NEW TERMS MODIFYING THE EXISTING CONTRACT ACCOMPANIED BY THREATS AGAINST CLAIMANT FOR REFUSAL TO ACCEPT SAID NEW TERMS, BY (C) CONTINUING TO USE THREATS OF NON-

CONSENSUAL SMART METER INSTALATION IN BREACH OF RESPONDENTS' CONTRACT WITH CLAIMANT, BY (D) ACTS OF RETALIATION AGAINST CLAIMANT BY FURTHER THREATS OR BY (E) ACTS DISCONNECTING SERVICE IN VIOLATION OF THE ORIGINAL CONTRACT

THIS NOTICE AND THE INCLUDED OFFER, ONCE ACCEPTED, WILL BE A SELF-EXECUTING CONTRACT

PRELIMINARY NOTICES.

1. This document and attachments are presented with honorable, peaceful intentions, and are expressly for your benefit to provide each Respondent with due process according to the due course of Common Law and with a good faith opportunity to provide verified facts specifically refuting the statements contained herein.

2. This Notice does NOT constitute a refusal by Claimant to have the meter at Calle 5B Esquina 38, Atlantida, Uruguay read by Respondents, their agents, principals, or contractors. The obligation to read the meter has been the duty of Respondents, their agents, contractors, and principals according to the contract established for electrical service to Claimant since November, 2009.

3. This Notice also does NOT constitute a refusal by Claimant to read the above referenced meter and report her findings in person to Respondent Felipe's or Ficcio's agents, contractors, or principals at the UTE offices in Atlantida, Uruguay, as set forth in greater detail hereinbelow.

I. PREAMBLE

A. NOTE ON MEANING OF TERMS USED HEREIN: Notwithstanding any agreement, course of dealing, or usage of trade to the contrary, Claimant Katherine Hine does not understand, nor is she required to understand or accept any other meaning of words used herein in the Spanish language other than those found in common Uruguayan speech. Unless otherwise specified herein, terms used herein, including legal fictions which may have particularized meanings and usages within the corporate *de facto* "court" system, are being used as Claimant understands them, according to their ordinary and plain meanings and usages in Uruguay, notwithstanding a contrary meaning or usage which may be assigned to such terms in corporate tribunals or by Respondents or their employers, contractors or agents. Usage herein of names of corporations in all capital letters is for the purpose of clarifying the corporate nature of the entity so referenced. Such usages are well understood by Respondents.

B. AGREEMENT AND WAIVER OF RIGHTS: If any Respondent agrees with all of the statements contained in the within Notice, he or she needs not respond. Respondent's silence will constitute his or her agreement and acceptance of all of the terms, statements and provisions hereunder as his or her complete understanding and agreement with Claimant that said silence would result in Respondent's waiver of any

and all rights, remedies and defenses of protest, objection, rebuttal, argument, appeal and controversy for all time. Respondents may also consent to the provisions of this Offer and thereby waive all rights, remedies and defenses as set forth hereinabove, by

(1) continuing to propose new terms modifying the existing contract accompanied by threats against Claimant for refusal to accept said new terms, by

(2) continuing to use threats of non-consensual smart meter installation in breach of their pre-existing contract with Claimant, or by

(3) acts of retaliation against Claimant by installing a smart meter without Claimant's prior written consent, or by

(4) acts of retaliation disconnecting service in violation of the original contract.

Each Respondent agrees that his or her consent to the provisions of this Notice by means of any of the aforementioned acts, would be knowing, voluntary and with full disclosure of all material facts, and would settle all matters finally and forever, and cannot be withdrawn. The parties agree that when circumstances impose a duty to speak, particularly as here, where one or more Respondents have made false statements and threats, silence is equivalent to false representation, acceptance, or ratification.

C. DISAGREEMENT AND FAILURE TO RESPOND: Respondents may disagree with any of the terms of this Notice by disputing point by point any specific allegation contained herein based on affidavits from a living man or woman having firsthand knowledge of material facts. Respondents and Claimant agree that a response which is not verified, or a response from a third party agent lacking first-hand knowledge of the material facts, will constitute that Respondent's "failure to respond" as defined herein and will be considered ineffective and insufficient.

D. INSUFFICIENT RESPONSE: Any Respondent's failure to respond by the indicated Effective Date as described herein, will cause the facts, law, and terms stated within this Notice and accompanying Affidavit to become binding and fully enforceable as a contract which may be incorporated without further notice into a Binding Judgment of a common law court of record, or in a *de facto* corporate "court" or tribunal as Claimant may select. If a Respondent fails to respond or state a claim by the indicated Effective Date, the facts and law stated within this Notice will become binding and fully enforceable in a common law court of record or in a corporate tribunal as Claimant exclusively may select.

E. APPLICABLE LAW: Other than as expressly represented herein, you, as Respondent herein and in your individual capacity, agree that no section of the Contract contained in this Notice, upon agreement, shall be assumed to constitute a voluntary election by any of the parties thereto to submit the Contract or the said parties to any venue of law, jurisdiction, court or tribunal, other than as is expressly stated in the

agreement of the parties hereunder. You agree that the Contract created by the Offer contained herein and accepted by any Respondent, shall not be deemed to be subject to the laws, bylaws, statutes, orders, decrees, or rules of any corporation, including those corporations which act as “government” or “court”, or any or any other legal fiction, procedural phantom, political construct, or any other jurisdiction, real or imagined, unless such election is voluntarily made in writing by Claimant.

F. AUTHORITY TO AMEND AND COLLECT JOINDER FEE: Respondents agree that no legal fiction person(s) or corporation shall have any authority to control any decision regarding the Contract originally agreed to between Claimant and any Respondent, his or her agent, principal, or contractors. Nor shall any such legal fiction person(s) have any authority to control any decision regarding any future Contract which may be created upon any Respondent’s acceptance of the terms of the within Offer and Notice. No such man or woman or legal fiction person shall be deemed to possess any powers, interest or authority to amend, alter, modify or terminate either the original Contract for electrical services or the Contract created by the within Notice, other than as expressly represented hereunder. No such powers, interest or authority shall be assumed. The exercise of any and all such powers, interest and authority, if any, are expressly prohibited hereunder. You agree that any representation by any party, person, individual, agency, corporate tribunal or other entity, real, fictitious, or imagined, that any such powers, interest or authority exist shall be deemed a confession by the representing party/entity that such entity seeks to join the contract pursuant to the terms herein, for which the joinder fee has been established herein at Fifty Thousand UNITED STATES Dollars per each such event. A UNITED STATES dollar is defined herein and by the United States Coinage Acts of 1792 and 1900 as being 24.8 grains of gold or 371.25 grains of silver. Respondents’ usage of the UNITED STATES dollar constitutes an acknowledgement of the applicability of such legislation.

G. OFFER OF IMMUNITY—STATING A CLAIM: Any Respondent may avoid all liability and obligations under this Notice by simply responding no later than by 5 p.m. ET on the Effective Date with a duly witnessed Declaration under Oath, signed by a man or woman having personal knowledge of the truth of the material facts contained in said Affidavit or Declaration supporting any claim said Respondent may have against Claimant or which specifically rebuts, point for point, Claimant’s statements of fact or law set forth herein. The statement must be sworn to be true, and be supported by certified factual evidence and verified proof. Alternatively, Respondent(s) may respond with a point-by-point rebuttal of this Notice, sworn to be true, to which he or she attaches certified factual evidence. In the event any Respondent declines this good faith Offer of Immunity, said Respondent is deemed to agree with all terms, facts, statements and provisions in this Notice and any obligations created hereunder.

H. TERMS OF RESPONSE: As with any administrative process, Respondent may rebut the statements and claims in the Notice herein by executing a verified response, point-by-point with evidence that is certified to be true and in affidavit form, correct and complete, to be received by Claimant’s agent named at subparagraph I(N) hereinbelow, no later than 5:00 PM ET on the Effective Date.

I. **BINDING CONTRACT.** Any Respondent's acceptance of the terms of this Notice of Liability, with all attachments, constitutes a binding contract between each said Respondent, as a natural living man or woman, and Claimant Katherine Hine, the natural living woman, for the purpose of establishing the honorable terms of a Contract resolving all matters in controversy between Claimant and each Respondent. Any such contract, as expressed in the within Notice, when reduced to judgment, will constitute a lien against the private property of each indicated Respondent, as described hereunder.

J. **CHOICE OF LAW:** Other than as expressly represented herein, you, as Respondent herein and in your individual capacity as a man or woman, agree that no section of the Contract proposed herein shall be assumed to constitute a voluntary election by any of the parties thereto to submit the Contract or the said parties to any venue of law, jurisdiction, court or tribunal, other than as is expressly stated in the agreement of the parties hereunder. You agree that the Contract created by the within offer, once accepted, shall not be deemed to be subject to the policies, bylaws, statutes, orders, decrees, or rules of any corporation or other legal fiction, procedural phantom, political construct, or any other jurisdiction, real or imagined, unless Claimant or her authorized agent provides written informed consent thereto following full and fair disclosure of all material facts. Any contract between Claimant and any Respondent shall be subject only to the common law of contract and the law establishing the exclusive use of only just weights and measures, which law has been used throughout the world since Biblical times for commercial purposes and according to the Word of God.

K. **BINDING JUDGMENT:** Each Respondent agrees that a Binding Judgment based on the proposed Contract set forth herein may be entered by any Common Law court and/or administrative tribunal, at Claimant's election. You Respondents each agree that any such judgment is entitled to full faith and credit by any court or tribunal. Claimant may further elect to enforce the Contract, any claims arising thereunder, or any judgment arising therefrom through any men and women she may select as enforcement agents. You also agree to hold all men, women, and their fellow enforcement agents, harmless as to any liability for any acts performed for the purpose of, or incident to, the enforcement of said Contract or judgment arising therefrom.

L. **JOINDER:** You Respondents, your principals and agents, agree that no person(s) or corporation shall have any authority to control any decision regarding the Contract. No such man, woman, or legal fiction person shall be deemed to possess any powers, interest or authority to amend, alter, modify or terminate the Contract as to any party, person, individual, agency, court or entity, real, fictitious, or imagined, other than as expressly represented hereunder. No such powers, interest or authority shall be assumed. Any attempts to exercise such powers, interest and authority are expressly prohibited hereunder. You agree that any representation by any party, person, individual, agency, court or entity, real, fictitious, or imagined, that any such powers, interest or authority exist shall be deemed a confession by the representing party/entity that such entity seeks to join the contract. The non-refundable joinder fee has been established herein at Fifty Thousand United States Dollars per each such event. A

dollar is defined herein and by the UNITED STATES Coinage Act of 1792 and 1900 as being 24.8 grains of gold or 371.25 grains of silver. Such legislation continues in full force and effect and is fully recognized by Respondent's fellow agents and principals.

M. **LAWFUL CONSIDERATION:** Claimant hereby pledges one Uruguayan 1000 peso coin as the consideration for the contract being proposed herein.

N. **EFFECTIVE DATE/RESPONSE:** Response must be by 5PM ET on the Effective Date, which is seven (7) days from the date of receipt of this Notice. **Response must be by certified mail delivered to:**

Luciana Constantino©
[c/o] 4037 Rocky River Drive, Number 26
Cleveland, Ohio [near 44135]
united states of America.

II. RESTRICTION OF JURISDICTION

A. **RESPONDENT CAPACITIES AS MEN AND WOMEN:** As referenced herein, the term "you" refers to any of the Respondents above named and in their individual capacities as the flesh and blood man or woman, respectively, not as corporate agents, employees, attorneys, "persons", or in any other fictitious or corporate capacity. Living men and women are personally liable when their actions harm others, regardless of whether their actions were committed while acting as agents for corporations and regardless of any false notion that it is lawful to harm some of the people if doing so might benefit others.

B. **RESPONDENT CAPACITIES AS CORPORATE AGENTS:** The within Notice is limited to addressing Respondents as living men and women and not as any corporate legal fiction roles they may assume when using their names in all capitals. In their corporate capacities, Respondent agents of the legal fiction known as UTE may only operate consistently with corporate bylaws and policies known as statutes and codes when they act upon or within territory owned by the corporation for which they act, including by the parent corporation known as LA REPUBLICA ORIENTAL DEL URUGUAY or any of its parent, affiliate or subsidiary corporations.

C. GOVERNING LAW

1. The Law of God is the highest jurisdiction of law and jurisprudence known to people anywhere, and therefore also for those sojourning on the land mass commonly referred to as La Republica Oriental del Uruguay. All other manmade "law", whether it be contained in the Constitution of Uruguay, the various treaties of the corporation known as UNITED NATIONS, or elsewhere, is subservient and inferior to the Law of God.

2. The Law of God created a superior jurisdiction for the people He created and gave them dominion and stewardship over all His creation. As other peoples in other

territories have long recognized, the people are the source of all earthly law. The people have the right and the duty to responsibly exercise such dominion and stewardship over God's creations. Genesis 1:26. Those creations include, without limitation, such natural, God given phenomena as electricity.

3. The Law of God reflects that contracts or agreements form the basis of most if not all human interactions, including the people's common law, traditions and usages. The Roman civil law used by many corporations pretending to be countries, is pagan. This truth is reflected in the law of contracts used by people engaged in commerce throughout the world. Many features of the Anglo American common law of contracts are found not only in the Bible but also in the Uniform Commercial Code (UCC), which today governs most commercial contracts throughout the world, including those occurring in the territory known as Uruguay. Because the UCC is applied to contracts between corporations, it has no true application to contracts between living people, such as the one existing between Claimant and Respondents, their agents, and principals, but it serves as a guide for those exercising the people's traditional common law when they implement the people's God given right and duty to dominion over God's creation. In a republic, which the corporation known as La REPUBLICA ORIENTAL DE URUGUAY represents itself to be, the people are sovereign.

4. The sovereignty of the people belongs both to individual living men and women, as well as to any lawful body they may form. A republican form of government is one in which the powers of sovereignty are vested in the people and are exercised by the people. Agents of the corporation known as LA REPUBLICA ORIENTAL DE URUGUAY, including without limitation, Respondents have always claimed that said corporation is in fact a republic when it is not.

5. Claimant therefore does not consent to any imposition of corporate tribunal "jurisdiction" upon the facts or law set out in the within Notice and contract contained herein.

6. Claimant, the living woman, as well as Respondent men and women are all entitled to the God given rights to the due course of law, meaning reasonable Notice and a reasonable opportunity to respond, as Respondents are being provided herein. The principle was expressed more than 800 years ago in Section 39 of Magna Carta:

"No freeman shall be taken, or imprisoned, or disseized, or outlawed, or exiled, or in any way harmed--nor will we go upon or send upon him--save by the lawful judgment of his peers or by the law of the land."

7. No corporate tribunal, such as the corporation known as LA SUPREME CORTE DE URUGUAY, having Dun and Bradstreet number 96-601-5976, nor its agents, subsidiaries, affiliates, or branches, possesses competent jurisdictional authority to make any lawful judgment that would contradict the basic procedural right of all men and women to the due course of law. No corporate code and no corporate tribunal has authority to defy the law of God.

III. STATEMENT OF FACTS

A. Claimant has been in contract with Respondents for electric services for more than 14 years and has never during that time refused to allow UTE agents or contractors to read the analog meter located at Calle 5B Esquina 38, Atlantida, Pinares. The area surrounding said meter is and always has been clear of any and all obstacles, such as from pets or vegetation, that would have ever prevented Respondents, their agents, or contractors, from reading said meter. The fact that the meter can easily be read can be clearly seen from the attached Exhibit A, which is a true and accurate depiction of the area around Claimant's analog meter, which is a few meters from the public street.

B. On or about January 31, 2023, agents or contractors of Respondents' corporate principal caused the delivery of an unsigned written communication which falsely stated that said Respondents had been unable to access Claimant's meter for some unspecified period of time. The statement contained in Respondents' said January 31, 2023 communication attached hereto and labeled as Exhibit B, asserting that its agents had not been able to read the meter, is false. Notwithstanding such statements, each bill that Respondents have caused to be delivered to Claimant for the past 14 years contains graphs claimed to be of real usage. It is and has always been the responsibility of Respondents according to the original terms of the service contract with Claimant, to read the meter or to assure itself that estimated meter readings are adequate and accurate. Either the statements in the January 31, 2023 written communication to Claimant regarding meter reading are false, or each and every billing that Respondents have caused to be sent to Claimant is false in that each one of said billings provides a graph claiming, for each month, that Claimant has consumed the amount of electricity indicated on the graph. Either (1) Respondents' new claims that they have not been reading the meter were false in the January 31, 2023 communication; or (2) Respondents' claims of actual meter reading in its billings for the past 14 years, have all been false. For the past 14 years, during which time Claimant has faithfully complied with her obligations according to the original contract with Respondents (doing business as UTE), Claimant has reasonably relied to her detriment, on the false representations of Respondents in their billings that they were in fact, complying with the contract by either (a) reading her meter or (b) making estimates of usage and then accepting Claimant's payments to them based on such estimates. As a result of such statements, at least some of which are false, Claimant has learned that Respondents and/or their agents cannot be trusted to tell the truth.

C. The law of God, from ancient times to the present, has declared that men and women are to only use honest weights and measures. Deuteronomy 25:14-16) provides that:

“Thou shalt not have in thine house different measures, a great and a small. . . .
For all who do such things and all who do unrighteously, are an abomination unto the Lord thy God. “, Leviticus 19:35-37

Moreover, the new Testament is in full agreement:

“for with the same measure that ye measure it shall be measured to you again”.
Luke 6:38.

That law of God continues to prevail in the commercial world today.

D. Respondents, by means of their January 31, 2023 communication, seek to unilaterally change the terms of the contract Claimant has with them. Said proposed “modification” proposes no lawful modification at all. It constitutes a breach or anticipatory repudiation of Respondents’ original contract with Claimant. Said breach has caused harm to Claimant, including without limitation: mental distress, anxiety and loss of time, since her receipt of said January 31, 2023 communication, for which she is entitled to be compensated as set forth in the Fee Schedule set forth hereinbelow.

E. Respondents now propose, through their unsigned January 31, 2023 communication, that Claimant either (1) begins reading the meter and posting the readings each month on a website, the digital contents of which are controlled by and which can easily be erased by Respondents, their agents, contractors, employers, and principals; or (2) that she consents to the installation of a so-called “smart meter” on her property. Respondents do not own Claimant’s private property and land and have no right to trespass thereon except to read the currently installed analog electric meter according to the terms of the current contract between Respondents and Claimant.

F. Respondent’s unsigned January 31, 2023 communication is (a) false in part and (b) constitutes a breach of the original contract by proposing that Respondents, their agents, principals and contractors enter upon Claimant’s land NOT to read the meter, but to violate the original contract by tampering with the existing, honest, analog meter and/or other fixtures on Claimant’s land. Respondents do not claim that the current analog meter is anything but accurate and safe but they seek to replace it with a dangerous “smart meter” of dubious accuracy.

G. So-called “smart meters” are known to cause harm to living people such as Claimant, in the following particulars:

(1) “Smart meters” bring dirty electricity (also known as transient electricity) that scrambles personal computers and other electronic devices, including implanted medical devices such as pacemakers;

(2) “Smart meters” are known to explode and cause fires;

(3) The fact that “smart meters” have caused health damage, including childhood cancer, is copiously described and documented in scientific peer-reviewed papers readily available in the BioInitiative Report of 2012 and in other, peer-reviewed publications and studies.

(4) Wireless radiation such as that brought in by “smart meters” has been found to harm the environment and human health by interfering with the capacity of bees and other insects to pollinate crops, by damaging trees, by increasing temperatures, by altering gene expression, by promoting harmful cell growth, by causing inflammation, by causing damage to the eyes, by causing cellular stress, by causing memory problems, by

causing sperm damage, by causing genetic damage, by causing behavioral problems, and by causing brain damage.

(5) "Smart meters" are so unsafe that insurance companies will not insure against their risks. Respondents are further placing Claimant at risk by not carrying insurance that would cover the risks and harm that Respondents propose to inflict on Claimant.

(6) "Smart meters" are by definition surveillance devices which invade the God given rights of people to privacy in their homes by (a) individually identifying electrical devices inside the home and recording when they are being operated; (b) monitoring household activity and occupancy in violation of privacy rights and rights to domestic security; (c) transmitting wireless signals which may be and often are intercepted by unauthorized and unknown parties. Those signals can be and are used to monitor behavior and occupancy and they can be and are used by criminals to aid criminal activity against those occupants; (d) by collecting, recording, and storing private information about the people's daily habits and private activities in permanent databases accessible to others, including criminals and private hackers of wireless transmissions, all without Claimant's knowledge or consent.

(7) "Smart meters" are known to increase electric company billings by a factor of double, triple, or even more.

H. Neither Respondent Ficcio nor any other agent of UTE has adequately studied, disclosed, or insured against the harm that "smart meters" are known to inflict upon living people including without limitation, the above referenced adverse health effects, fire and explosion risks, environmental damage, increased billings, or the vast array of harm caused by Respondents' lucrative surveillance operations. Respondents propose to harm Claimant, a living woman, without her consent in order to financially benefit themselves, their agents, principals, or contractors.

I. There is no corporate statute or code provision in Uruguay that requires that people using electric service to be forced to accept the removal of their analog meters and the installation of "smart meters" on or near their homes or businesses.

J. There is no provision of Respondents' UTE corporate charter permitting it to force Claimant, as a living woman, to endure the removal of the analog meter currently functioning honestly and without problems, and the installation of an unreasonably dangerous "smart meter" in its place.

K. Articles 24 and 25 of the Uruguayan Constitution prohibit agents of the corporate State from causing damage to third parties in the exercise of "public services".

"The STATE, governments of the *departamentos* (subsidiaries of the STATE), autonomous entities, decentralized services, and in general, all organs of the STATE, will be civilly responsible for harm caused to third parties in the exercise of public services entrusted to their directives." (Art. 24)

"When the damage has been caused by its public employees exercising serious fault or fraud, the appropriate public body will be able to recover against such employees that which it had paid in reparation." (Art. 25)

L. Claimant Katherine Hine has never consented to and does not now consent to the proposed installation of a “smart meter” upon her land and does not consent to the proposed addition of any term into the existing contract for electrical services she has had with Respondents to require or authorize the installation of a “smart meter” upon her land, or to disconnect her electric service in retaliation for refusing to so consent.

M. Claimant has never refused to have her meter read according to the original contract with Respondents. According to what Respondents’ own rules from their Constitution admit:

“The home is inviolably sacred. At night, no one may enter it without the consent of the head of household, and by day, only by express written Order from a competent judge in cases determined by law. (Article 11)

Such rules apply to restrict the conduct of Respondents when they operate as corporate agents. They do not apply to grant rights to Claimant, who is not an agent, employee, or contractor of any corporation and claims rights only under God.

N. No Respondent or other agent of UTE has ever offered any evidence that it is authorized to endanger flesh and blood human beings with smart meters or to do so by force or via false statements such as those contained in the January 31, 2023 communication to Claimant.

O. Informed consent is legally required for installation of any surveillance device and any device that will collect and transmit private and personal data to undisclosed and unauthorized parties for undisclosed and unauthorized purposes. Authorization for sharing of personal and private information may only be given by the originator and subject of that information. That authorization is hereby denied and refused with regard to the above property and all those living there.

IV. OFFER TO MODIFY EXISTING CONTRACT AND FEE SCHEDULE

A.OFFER TO READ METER: Claimant hereby offers to take the time to read the meter, make a written record of said reading, and personally deliver same to an agent of Respondents at Respondents’ Atlantida office at Calle 1 Esquina Roger Balet in Atlantida, Uruguay, during any part of the 9 a.m.-5 p.m. hours of operation of said office, as she may choose, and on any date of her choosing between the 20th and the 27th of each month. Respondents shall instruct their agents, contractors, employees, and principals to sign a receipt for said meter reading report.

B. HOW RESPONDENTS ACCEPT CLAIMANT’S OFFER: Respondents may accept the within Offer as set forth hereinabove, by (1) their silence; by (2) continuing to propose new terms modifying the existing contract accompanied by threats against Claimant for refusal to accept said new terms, by (3) continuing to use threats of non-consensual smart meter installation in breach of Respondents’ original contract with Claimant, or by (4) acts of retaliation against Claimant by further threats or by (5) acts

disconnecting service in violation of the original contract.

C. VALUE OF TIME: Claimant's time is valuable. Holy scripture states that a man is worthy of his hire. Claimant bills at the rate of One Hundred UNITED STATES Dollars per hour, as that term is defined hereinabove. Upon delivery of Claimant's monthly bill to Respondents for her time so expended, Respondents shall tender payment to Claimant in lawful money, i.e. silver or gold. Respondents may arrange to substitute Uruguayan pesos in an amount sufficient to purchase said silver or gold.

D. PERSONAL LIABILITY: Any man or woman, regardless of whether he or she is acting on behalf of a corporate principal, has the duty to avoid causing or exacerbating harm to others. Any man or woman who fails to act upon his or her knowledge and either causes or refuses to mitigate harm to another, is personally liable for all harm caused by his or her actions or failures to act.

E. RIGHT TO COMPENSATION: Respondents' threats against Claimant and the safety of her home constitute an assault and a trespass to Claimant's God given right to not be harmed and a breach of Claimant's pre-existing contract with them. Respondents' conduct constitutes torts and trespasses to Claimant's right to not be harmed. They are compensable by law.

F. ALL EQUAL UNDER LAW: It is a fundamental principle of law that nobody is above the law. Respondents have failed to perform the duties of their offices in good faith, as set forth herein. When they fail to do so they are personally liable.

G. BOND: Respondents have failed to notify the public that any of them have a bond of record, insurance coverage or other indemnification that would compensate Claimant for the harm Respondents have caused her, and are continuing to cause to her, from January 31, 2023 to date by the acts of Respondents in continuing to waste Claimant's time, continuing to threaten her with extortionate demands, and threats to harm her via dangerous instrumentalities such as a "smart meter".

H. CONTINUING HARM: A fee schedule is included herein for the purpose of compensating Claimant for expected future harm. The liabilities set forth in the within schedule are based on Respondents' multiple tortious acts and other trespasses as set forth herein.

I. CHARGES: Upon a finding, admission, new contract or judgment confirming that Respondents committed acts of assault, extortion, attempted extortion, and/or trespass to the God given rights of Claimant, the parties agree that Claimant is entitled to judgment in the sum of \$1000.00 United States Dollars per day, from January 31, 2023 until Respondents' tortious conduct ceases. Each Respondent shall be jointly and severally liable for said daily sum of \$1000.00 United States Dollars, said sum to be due and owing by each said Respondent, upon any contract, finding or judgment establishing liability.

J. FAILURE TO PAY: In the case of failure to pay any fees within thirty (30) days of presentment of a Bill, Respondents each agree that his or her property wherever situated is subject to lien, levy, impound, execution and all other lawful, equitable, and/or commercial remedies.

K. ABSOLUTION OF LIABILITY: Respondents are hereby prohibited from directly or indirectly seeking recoupment of losses incurred due to any terms of this Contract, from their customers or constituents. Any Respondent will be absolved of all liability, including all outstanding amounts billed, when he or she ceases making demands as set forth hereinabove in this Notice.

V. CONCLUSION

A. This Notice does NOT constitute a refusal by Claimant to have her analog meter read according to the ongoing contract Claimant has had with Respondents, their agents, and principals, for the past 14 years. Claimant reaffirms the terms of that contract. Claimant does not excuse Respondents' proposed breach of that contract. Claimant hereby denies consent to Respondents, their agents, contractors, employees, and principals, to the proposed breach of the existing contract for electrical services. Exhibit B establishes that Respondents falsely claimed a 14 year long inability in reading Claimant's safe, honest analog meter. Exhibit B also establishes Respondents made a veiled threat to install a dangerous smart meter on her property even though the original provisions of the contract for electrical services contains no such provision. Exhibit B also contains a veiled threat that Respondents will disconnect her electric service as retaliation if Claimant exercises her right to reaffirm the terms of the original contract.

B. This Notice establishes that Claimant hereby forbids, refuses and denies consent of any installation and use of any monitoring, eavesdropping, and surveillance devices at Calle 5 B Esquina 38, where living men and women live, play, and work. This prohibition applies to and includes "smart meters" and activity monitoring devices of any and all kinds. Any attempt to install any such device directed at Claimant, her guests or tenants will constitute burglary, trespass, stalking, wiretapping and unlawful surveillance, all prohibited and punishable by law. All men, women, persons, government agencies and private organizations responsible for installing or operating monitoring devices directed at or recording the activities of human beings lawfully occupying these premises, without prior specific written authorization to do so by Claimant or her agents will be fully liable for any violations, intrusions, harm or negative consequences caused or made possible by those devices whether or not those negative consequences are justified by "law" or corporate policy.

C. This Notice has nothing to do with adherence to a reasonable meter reading schedule. Contrary to the false statement contained in Respondents' allegations in its January 31, 2023 communication, Claimant has never refused or interfered in any manner with reasonable access for purposes of meter reading by agents of UTE.

D. Claimant does not consent to submit to the burglaries, surveillance, radiation, fire

hazards, health hazards, or other known consequences of the dangerous instrumentalities known as “smart meters”, regardless of whether any corporation, or commission or body, including any international body created by corporate policy purported to require flesh and blood humans to so submit. Any such edicts or proclamations, if they exist at all, would be unlawful and indeed criminal.

E. This is legal and lawful notice. Upon the delivery of this Notice and Respondents’ acquiescence as provided in this Notice and Offer, the liabilities listed above may not be denied or avoided by Respondents named, their agents, principals, contractors, officers, or employees.

CLAIMANT’S SWORN DECLARATION

The undersigned Katherine Hine having first been duly sworn upon her oath and under penalty of perjury, states as follows:

Status and Standing

1. Claimant Katherine Hine, the living woman, having been found to have come of full legal age, is competent to state the matters set forth herein.
2. Claimant has knowledge of the evidence supporting the facts stated herein.
3. All the facts herein are true, correct, complete and admissible as evidence, and if called upon as a witness, Claimant or other witnesses would testify to their veracity.
4. Terms not otherwise defined herein shall have the meanings ascribed to such terms as set forth in the Notice to which this Affidavit is attached.
5. Claimant hereby reserves her acknowledged right to “define the moral, political, and legal character” of her life, as is conceded in the corporate legal system, including so-

called international treaties, to be her right.

6. Claimant is not a legal fiction "citizen", "person", "resident" or employee of the entity variously known as UNITED STATES, united States of America, United States of America, UNITED STATES CORPORATION COMPANY, LA REPUBLICA ORIENTAL DEL URUGUAY, their subsidiaries, affiliates, franchisees or contractors, whether or not known by other names and legal fictions.

7. Claimant has rescinded by separate Notice, all voter registration documents she may have ever unwittingly signed. She has never participated in any election for UNITED STATES senator or any other act from which could conceivably support any false presumption that Claimant is or ever was a 14th Amendment legal fiction U.S. citizen. She has never registered as a voter in corporate Uruuayan elections.

8. Claimant may not be considered to be chattel property, a transmitting utility, a British or Vatican subject, employee, asset, or agent of any corporation, whether or not masquerading as a governmental entity.

9. Claimant is not a *cestui que vie* trust, a vessel, lost or misplaced cargo, a corporate fiction "person", a corporation, a ship, a dead body, a patient, a client or a slave.

10. Claimant reserves her right to choose when to allow her all capital name entity be in contract with a corporation and when to refuse to do so.

11. Claimant hereby affirms that she does not live or work on the land mass of any territory owned or claimed to be owned by any corporation. Therefore no statutes, codes, Constitutions, or other corporate policies of the corporations known as UNITED STATES, LA REPUBLICA ORIENTAL DEL URUGUAY, or of their subsidiaries, affiliates, or parent corporations have any authority over Claimant or the contracts she has had with Respondents, which have all occurred outside territory claimed to be owned by any corporation. Claimant's use, if any, of the United States Postal Service, UNITED STATES POST OFFICE, and/or the CORREO URUGUAYO to receive or send mail has occurred solely because of the absence of reasonable alternatives.

12. Claimant hereby waives, cancels, repudiates, and refuses to knowingly accept any alleged "benefit" or gratuity associated with any "license", number, or certificate she has been coerced to accept. Claimant has previously revoked and rescinded all powers of attorney implied in law or by legal presumption without her prior informed consent.

13. Claimant hereby affixes her own autograph upon all the affirmations in this entire document with explicit reservation of all her unalienable God-given rights and her specific common law right not to be bound by any contract or obligation which she has not entered into knowingly, willingly, voluntarily, and without misrepresentation, duress, or coercion.

14. Claimant has already repudiated by separate document, any presumptions which

may have been deemed to have been created by the birth certificate and certificate of live birth documents created without her parents' informed consent.

15. Claimant rarely uses any identification number from any government corporation and only does so for informational purposes and under duress because of the extreme inconvenience of operating without such number in today's marketplace. Claimant's use of any such number is not out of a desire to participate in the corporate system.

16. Claimant uses Federal Reserve Notes or Uruguayan pesos to discharge debt only because she has no access to any widely recognized currency. Her use thereof does not make her a surety for any corporation.

17. Any use Claimant makes of a bank account, and the signatures she was coerced to provide to obtain one is due to the absence of reasonable alternatives. Claimant hereby rebuts any presumptions that others may create as a result of any hidden contract behind any signature Claimant may have provided in connection with securing a bank account. Claimant refuses to be obligated to fulfill any hidden or unrevealed contracts whatsoever, due to the absence of full disclosure and voluntary consent.

18. Any tax returns Claimant may have filed in the past while living on the land mass known as united states of America, were filed due to the atmosphere of fear and intimidation created by the tax collector and by other agents of the UNITED STATES corporate state; not because there is any law requiring Claimant to do so.

19. Claimant has used a driver's "license" but only out of fear of being assaulted and battered by armed, costumed agents of the corporate state. There is no legal or lawful requirement for Claimant to have such a license to travel for purposes of trade, for her own pleasure or that of her family and friends. However, because of the lack of education of code enforcement agents known as "police officers", Claimant has used the license, under duress, to avoid being subjected to harassment or injury.

20. Claimant is not a citizen of any corporation, including without limitation, LA REPUBLICA ORIENTAL DEL URUGUAY. Any document Claimant may have ever signed, in which she answered "yes" to the question, "Are you a U.S. citizen?" cannot be used to compromise Claimant's status, nor obligate her to perform in any manner. Without full written disclosure of the definition, consequences and material facts as to the meaning of such supposed "citizenship," provided in a document bearing Claimant's autograph given freely without misrepresentation or coercion, there can be no legally binding contract. Claimant has by separate instrument repudiated UNITED STATES citizenship and has no corporate citizenship whatever. Citizenship in a legal fiction mental construct existing solely on paper would in any event be an absurd impossibility.

21. Since no hidden, unrevealed, and undisclosed information, if it exists, can be lawfully held to be binding, all certificates and registrations, such as the marriage license and certificate, and the birth certificate are null and void.

22. The attendance of any of Claimant’s children in corporate government-supported "public" schools or government-controlled "private" schools does not create any lawful or legal obligation for Claimant, because Claimant never signed a contract agreeing to such obligation for the coerced so-called "benefit" of public school attendance. Claimant’s use of such alleged "benefits" has been under duress only, and with full reservation of all her common law, God-given rights. Claimant has waived none of her God given, intrinsic rights and freedoms by her use thereof.

23. Claimant agrees to the Fee Schedule set forth hereinabove to compensate her for the financial harm she has been caused since January 31, 2023, when Respondents began to harm her by threatening to breach their contract for electrical services with her and by their unauthorized, non-consensual, and unlawful threats of “smart meter” imposition.

24. Authorization for sharing of personal and private information may only be given by the originator and subject of that information. That authorization is hereby denied and refused with regard to the Claimant described herein.

25. Claimant hereby affixes her autograph to all the affirmations in this entire document with explicit reservation of all her unalienable, God-given rights not to be bound by any contract or obligation which she has not entered into knowingly, willingly, voluntarily, and without misrepresentation, duress, or coercion. Any use of a notary public in the past or future is for identification, and such use does not grant any jurisdiction to anyone.

CONSENSUAL SMART METER INSTALATION IN BREACH OF RESPONDENTS' CONTRACT WITH CLAIMANT, BY (D) ACTS OF RETALIATION AGAINST CLAIMANT BY FURTHER THREATS OR BY (E) ACTS DISCONNECTING SERVICE IN VIOLATION OF THE ORIGINAL CONTRACT

THIS IS A SELF-EXECUTING CONTRACT

I. NOTICE OF FAULT

A. YOU RESPONDENTS ARE HEREBY NOTICED that you are in fault of an opportunity to reply to the statements made in the February 17, 2023 "NOTICE OF CLAIMS FOR BREACH OF CONTRACT, NOTICE OF POTENTIAL PERSONAL LIABILITY FOR USE OF UNLAWFUL MEANS OF MEASUREMENT, OFFER TO MODIFY EXISTING CONTRACT, NOTICE OF CLAIMANT'S CONTINUING NON-CONSENT TO A. RESPONDENTS' PROPOSED SMART METER INSTALLATION, AND B. RESPONDENTS' PROPOSED TRESPASS, BURGLARY, ASSAULT, OR BATTERY FOR THE PURPOSE OF INSTALLING A SMART METER ON HER PRIVATE PROPERTY, EXHIBITS, SWORN DECLARATION, FEE SCHEDULE", as set forth hereinbelow:

B. True and correct copies of the attached February 17, 2023 Notice were hand delivered to all of the Respondents above named either personally or by agent on February 22, 2023 by agents of the entity known as CORREO URUGUAYO.

C. A true and correct copy of the attached February 17, 2023 Notice, along with a reading of the meter on February 23, 2023, which Respondents had falsely claimed could not be read, was hand delivered to an agent for Respondent Terra Felipe on February 23, 2023 as indicated by Claimant's attached sworn statement.

D. The attached Affidavit of Non-Response executed by Luciana Constantino© indicates that none of the Respondents has responded in any manner to the February 17, 2023 Notice by the deadline indicated therein.

E. Both of the aforesaid affidavits verify that Respondents have been served with the February 17, 2023 Notice either in person or via their agent no later than February 23, 2023.

F. The February 23, 2023 (delivered) Notice informed each Respondent the specific manner that he or she would be required to respond within the seven (7) day deadline for doing so.

G. Not one of the Respondents provided any response in the manner specified in the Notice, or in any manner at all, as is verified by the attached March, 2023 Affidavit of Non Reply executed by Luciana Constantino©.

H. Respondent men and women above named were each given the opportunity to

dispute each of the statements made in the February 17, 2023 Notice setting forth Claimant's claims for damages for the harm with which Respondents have threatened Claimant.

I. Each of the Respondents, by remaining silent have failed to dispute and have therefore agreed to each of the provisions set forth in the February 17, 2023 Notice.

J. Each Respondent therefore has rejected his or her due process opportunity to respond in the manner required by said Notice and contract offer contained therein.

K. Each Respondent has by tacit admission as specified in the February 17, 2023 Notice, agreed to waive his or her right to respond in the manner required by the said February 17, 2023 Notice with a specific, verified, and sworn reply.

II. NOTICE OF OPPORTUNITY TO CURE

A. As of the effective date set out in the February 17, 2023 Notice, Respondent men and women above named have each failed to reply in either a timely manner or as instructed, and are now in fault and dishonor of the contract set out in said February 17, 2023 Notice. As of the date of this second Notice, Claimant has permitted Respondents even more time to respond than the seven (7) days allowed to Respondents in the February 17, 2023 Notice. The attached sworn Declaration of Luciana Constantino© dated confirms that not one of the Respondents has responded to the February 17, 2023 Notice as of the March 23, 2023 date of the sworn Declaration of Non Response. Each Respondent is therefore subject to any and all of the terms therein.

B. As a result of the instant contract set out in the February 17, 2023 Notice, which was hand delivered to an agent of Respondent Terra Felipe on February 23, 2023 and delivered to each Respondent by agents of CORREO URUGUAYO on February 22, 2023, as verified in the attached Affidavit of Service, a DEFAULT JUDGMENT is being sought against said defaulting Respondents.

C. Respondents, having waived the right to answer, by tacit admission and failure to contest, have rejected the due process opportunity Claimant offered them in the February 17, 2023 Notice and Offer of Contract but have accepted Claimant's Offer to Modify the existing contract in which Claimant offered to read the currently installed analog meter each month during any part of the 9 a.m -5 p.m. hours of operation of Respondents' Atlantida office at Calle 1 Esquina Roger Balet in Atlantida, Uruguay, and on any date of her choosing between the 20th and the 27th of each month. Respondents, by their silence, have also accepted Claimant's contract requiring them to instruct their agents to sign receipts for said meter readings accordingly.

D. In the event that any Respondent failed to accept the remedy offered in the February 17, 2023 dated Notice by claiming that his or her silence was an oversight, mistake, or otherwise unintentional, Claimant Katherine Hine hereby grants any such Respondent an additional seven (7) days from the date of service of the within Notice, to CURE the

fault by responding to this Notice.

E. In the event that any Respondent claims that his or her silence was an oversight, mistake, or an otherwise unintentional ignoring of his or her obligation to respond, Respondent is required to explain by affidavit the factual nature of any such claim.

F. If any Respondent fails to cure as specified hereinabove, then, by operation of law, such second failure to respond as required by the February 17, 2023 Notice shall constitute the FINAL agreement and admission of the liability of Respondents through tacit agreement as further explained in the attached February 17, 2023 Notice and contract.

G. Any further actions Claimant may take shall be in accordance with the procedures, jurisdictions, and penalties thereof set forth in the February 17, 2023 Notice.

H. REPLY to this Notice of Fault and Opportunity to Cure MUST BE RECEIVED by 5 p.m. on the effective date, which is within FIVE (5) DAYS from the date of Respondent's RECEIPT of the within Notice of Fault and Opportunity to Cure, all as previously set forth in the February 17, 2023 Notice. All responses must be specific, factual, verified and sworn to by a man or woman with actual knowledge, exactly as previously set out in the February 17, 2023 Notice and thus be by certified mail, return receipt requested to:

Luciana Constantino©

Terra Felipe, as the living man, also being agent, contractor, or officer of the private, for profit corporation known as UTE aka ADMINISTRACION DE USINAS Y TRANSMISIONES ELECTRICAS bearing Dun & Bradstreet number 96-608-1465,
[c/o] Calle 1 Esquina Roger Balet
Atlantida, Uruguay
la republica Oriental del Uruguay
Respondents.

ALL RESPONDENTS ABOVE NAMED shall take note as follows:

1. You, as the Respondents named in the two notices, dated 2/17/2023 and 3/16/2023 respectively, are in DEFAULT of an opportunity to reply to the 2/17/2023 hereinafter referred to as the "Notice of February 17, 2023" or "first Notice" and also in default as to the 3/16/2023 Notice, hereinafter referred to as the "Notice of March 16, 2023" or "Second Notice". The March 16, 2023 Notice was delivered to

each of you Respondents on or before March 24, 2023 and provided you additional opportunities to respond, of which you refused to avail yourselves.

2. You Respondents continue to be in default as to the first Notice and are also now in default as to the second Notice, the latter having provided you with an additional opportunity to reply to the original Notice dated February 17, 2023.

3. You Respondents, having each failed to respond to the 3/16/2023 Notice by the Effective Date of 3/30/2023, which was more than 5 days from the 3/24/2023 date of last receipt of said 3/23/2023 Second Notice by Respondents, are therefore in DEFAULT of an opportunity to correct your initial default, as lawfully offered in this Notice of April 18, 2023.

4. To clarify the record, you and each of you Respondents have to date been given the opportunity to:

a. State a claim as described in the first and second notices above referenced;

b. Specifically accept the Offer of Absolution of Liability offered to you by Claimant at paragraph IV(K) of the original 2/17/2023 Notice;

c. Refute by specific affidavit, point by point, by means of verified facts sworn to by a man or woman affiant with actual knowledge, disputing any or all facts Claimant established showing that no Respondent and no agent or principal of any such Respondent had any authority or subject matter jurisdiction to take any of the actions he or she took individually or on behalf of his or her corporate employer;

d. Correct the failure to respond to the 2/17/2023 Notice as specified at paragraph II of the 3/16/2023 Notice.

5. By remaining silent each of you Respondents has agreed with all terms of the said contract, such terms being clearly set forth in the Notice of February 17, 2023 and again referred to in the Notice of March 16, 2023.

6. Due to the failure of each Respondent above named to answer with any specific, verified, and sworn reply to the instant contract, required by both the 2/17/2023 Notice and by the 3/16/2023 Notice, a binding contract and subsequent DEFAULT JUDGMENT may be issued against each said Respondent.

7. Each Respondent is further hereby Noticed that:

a. You may have, by tacit admission, failed to contest the verified statements made in the 2/17/2023 Notice, to which you have to date been provided two opportunities to respond, and by your continuing conduct, waived the right to answer or object, thereby rejecting each said Respondent's due process opportunity.

b. Each of the Respondents has declined to claim his or her silence to date was "an oversight, mistake or otherwise unintentional," as each was given an opportunity to assert per the 3/16/2023 Notice.

c. In the further absence of such verified reply from any Respondent, Claimant does hereby assert her previously stated intention to enforce the within third Notice dated April 17, 2023 along with the 2/17/2023 Notice, which sets out the terms of the self-executing contract contained therein and already agreed to by said Respondents, as was established previously.

d. Any and/or all of the Respondents have agreed and understand that each may incur liability whether or not their actions were justified by corporate bylaws known as "statutes" or "codes" and as each was warned in the 2/17/2023 Notice.

8. Claimant has already informed Respondents of the fault of each in exercising non-existent authority and jurisdiction over said Claimant, and that their acts committed in the absence of any such lawful authority or jurisdiction constituted and continue to constitute a trespass to her God given and

common law rights. Service of said Notice was initially effected as to each said Respondent man or woman by means of Claimant's 2/17/2023 Notice. Had Respondents heard Claimant at that time, the matter could have been resolved: "Moreover, if thy brother shall trespass against thee, go and tell him his fault between thee and if he shall hear thee, thou has gained thy brother." Holy Bible, KJV: Matthew 18:15.

9. But said Respondents appear to have not heard Claimant and so, with her several witnesses, Claimant repeated what she had previously told said Respondents, by means of her 3/16/2023 "NOTICE OF FAULT AND OPPORTUNITY TO CURE NON-RESPONSES TO FEBRUARY 17, 2023 NOTICE OF CLAIMS FOR BREACH OF CONTRACT, NOTICE OF POTENTIAL PERSONAL LIABILITY FOR USE OF UNLAWFUL MEANS OF MEASUREMENT, OFFER TO MODIFY EXISTING CONTRACT, NOTICE OF CLAIMANT'S CONTINUING NON-CONSENT TO A. RESPONDENTS' PROPOSED SMART METER INSTALLATION, AND B. RESPONDENTS' PROPOSED TRESPASS, BURGLARY, ASSAULT, OR BATTERY FOR THE PURPOSE OF INSTALLING A SMART METER ON HER PRIVATE PROPERTY, EXHIBITS, SWORN DECLARATION, FEE SCHEDULE", which provided Respondents with an *additional* opportunity to respond to the original 2/17/2023 Notice, and which she caused to be served on said Respondents on or before 3/24/2023. "But if he will not hear thee, then take with thee one or two more, that in the mouth of two or three witnesses every word may be established." Holy Bible, KJV: Matthew 18:16.

10. Respondents, upon being served with the 3/16/2023 Notice, providing them with one more opportunity to explain or correct their previous defaults, Respondents again neglected to hear Claimant or to respond, although each was allowed a reasonable time frame in which to do so, by reason of which Claimant is now, via the within Notice of Default and Imminent Liability, again informing Respondents, in the presence of the broader community. "And if he shall neglect to hear them, tell it unto the church but if he neglected to hear the church, let him be unto thee as an heathen man and a tax collector." Holy Bible, KJV, Matthew 18:17.

11. This lawful process, consisting of the 2/17/2023 Notice, the 3/16/2023 Notice and the within NOTICE OF DEFAULT all jointly constitute the "meeting of the minds" as to all the terms of the original self-executing contract, to which Respondents have all clearly expressed their assent. As Respondents are all in default for having failed to reply to the first two Notices, further failure to respond shall constitute the FINAL admission and agreement of the parties as established in the three prior Notices.

12. BINDING JUDGMENT: As to final judgment, any Respondent failing to respond as defined herein agrees that a Binding Judgment incorporating all of the terms of the within Contract as set forth in the 2/17/23 Notice may be entered by any common law court and/or administrative tribunal, at Claimant's election.

13. Any such judgment which Claimant may obtain is entitled to full faith and credit by any other common law court or corporate tribunal at Claimant's election. Claimant may elect to enforce the Contract or any Binding Judgment arising from it through any man or woman, or group of men and women, of her choosing. Any Respondent who further fails to respond as defined herein agrees to waive any and all claims he or she may have against the men and women who are members of any such common law court or corporate tribunal when enforcing such judgment. Respondents agree to hold any such enforcement agents harmless for any acts performed for the purpose of, or incident to, the enforcement of said Contract or judgment arising therefrom.

14. FINAL OPPORTUNITY FOR DISCHARGE OF LIABILITY: Any Respondent will be absolved of all liability as of the date of the receipt of the within Notice of Default upon his or her payment of all outstanding amounts billed on account of joinder fees if any, costs of delivery of Notices, plus all sums billed and then owing to Claimant pursuant to the Section IV(I) fee schedule set

forth in the 2/17/2023 Notice. A UNITED STATES dollar is defined herein and by the UNITED STATES Coinage Acts of 1792 and 1900 as being 24.8 grains of gold or 371.25 grains of silver.

15. The above Notices are legal and lawful notice. Respondents may deny said Notice ONLY by serving the natural woman, Luciana Constantino©, by certified Mail, with return receipt, to the address indicated for her in previous Notices, to-wit:

Luciana Constantino©
[c/o] 4037 Rocky River Drive, Number 26
Cleveland, Ohio [near 44820]
(united states of America)

by 5 p.m. on or before the passage of Five (5) days after the delivery of this Notice. Thereafter, the liabilities listed above may not be denied or avoided by the Respondents named in this and prior Notices. *Qui non obstat quod obstaré potest facere videtur*
